HISTORY & BACKGROUND

RHS Marketing Limited was founded on a passion for Caribbean flavour and a vision to manufacture world-class food products that celebrate the region's vibrant culinary heritage. Our story began in 1995, when Managing Director Mr. Ravi Sankar completed a course at the Caribbean Industrial Research Institute (CARIRI). This pivotal moment ignited his entrepreneurial journey and sparked the creation of a company committed to food innovation, quality, and cultural authenticity.

In 1996, we launched our flagship brand, Caribbean Flavours (KF)—marking the beginning of what would become one of the most recognized and trusted names in Caribbean food manufacturing. From our headquarters in Trinidad and Tobago, we produce a diverse range of high-quality pepper sauces, seasonings, spices, condiments, seamoss products, fruit cordials, vinegars and essences.

Each product is crafted with care, blending tradition with innovation to deliver bold, authentic flavours.

As a vertically integrated manufacturer and exporter, we take pride in controlling every aspect of production—from sourcing and processing to packaging and distribution. This allows us to maintain exceptional standards and meet the evolving needs of customers across both domestic and international markets. Today, our products are proudly found in homes, hotels, restaurants, and retail stores throughout Trinidad and Tobago, the wider Caribbean, the United States, Canada, and the United Kingdom.

At RHS Marketing Limited, we don't just export flavour—we manufacture excellence.
